TO WHOM IT MAY CONCERN:
I had been a sufferer for over four years from severe attacks of rheumatism and kidney trouble, probably contracted by exposure on hunting expeditions and wading river streams. I tried many remedies, but none of them seemed to do me any good. I was persuaded by an old and valued friend to try Swamp-Root, and frankly confess it has benefited me as no other medicine has. I now feel like myself again. I do not have the aches and pains which at one time seemed to make life unbearable. It is a positive benefit in ailments of this kind. I always keep it in the house, as it is just as necessary as bread and butter.

Very respectfully,
Theodore van Wyck.

EDITORIAL NOTE.—Swamp-Root, the Great Kidney, Liver and Bladder remedy, is so remarkably successful that a special arrangement has been made by which all readers of The Scranton Tribune, who have not already tried it, may have a sample bottle sent absolutely free by mail. Also a book telling all about kidney and bladder troubles and containing many of the thousands upon thousands of testimonial letters received from men and women cured by Swamp-Root. Be sure and mention reading this generous offer in The Scranton Tribune when sending your address to Dr. Kilmer & Co., Binghamton, N. Y.

Reporters Have Convincing Interviews with Prominent People in Greater New York Regarding Wonderful Cures

DR. KILMER & CO., BINGHAMTON, N. Y., GREATER NEW YORK.

GENTLEMEN:
I feel it my duty to send you an acknowledgment of the receipt of the sample bottle of Swamp-Root you so kindly sent me. I had been out of health for the past five years with kidney and bladder trouble. Had our best physicians prescribe for me. They would relieve me for the time being, but the old complaint would in a short time return again. I sent for a sample bottle of Swamp-Root and found it did me a world of good. Since then I have taken eight small bottles bought at my drug store, and I consider myself perfectly cured. It seemed as though my back would break in two after stooping. I do not have to get up during the night to urinate as I formerly did, three or four times a night, but now sleep the sleep of peace. My back is all right again, and in every way I am a new man. Two of my brother officers are still using Swamp-Root. They, like myself, cannot say too much in praise of it. It is a boon to mankind, we recommend it to all humanity who are suffering from kidney and bladder diseases.

My brother officers (whose signatures accompany this letter), as well as myself, thank you for the blessing you have brought to the human race in the compounding of Swamp-Root.

We remain, yours very truly,
JAMES COOK,
HUGH E. BOYLE,
JOHN J. BODKIN.

TO WHOM IT MAY CONCERN:
I was all run down in health and spirits, from overwork on the Exchange floor. I developed nervous neuritis and also suffered from an acute attack of rheumatism.

Of course, I had careful medical attendance, but while convalescing my own physician himself ordered me to take Swamp-Root to build up my nervous system, and put my kidneys in shape. It helped me cure my rheumatism, my neuritis, and now I always keep it in my medicine chest. With best wishes for sufferers,

Theodore van Wyck.

THE MARKETS.

Wall Street Review.

New York, Nov. 19.—The selling pressure today again proved more than the market could absorb, and prices were very generally lower as a result. There are a few exceptions both in the railroad and industrial departments, but the general movement of the market was downward, showing that the market was not yet ready to turn around. The lower prices in New York attracted buying from London, which in turn advanced the market in London. The balance between the two markets is now in favor of the New York market, and the market is now in a position to turn around.

The volume of business in bonds as well as in stocks was considerably diminished, but the market was not so much affected as many standard assets were forced a point or two below their former level. In the late afternoon a demand developed for Northern Pacific, which carried that stock up 1/2 to 3/4. Great North preferred rose 1/2 and extreme 3/4 point, but this rally, while it affected the market generally and drove the bears to cover, did not hold, and stock coming out on the advance. When the bears perceived this they made a fresh attack and drove prices down again, and the market closed at a low level.
